

# CIEL DEAN B. VARIAS

## Computer Science Graduate

### ABOUT ME

---

#### Hello, I'm Ciel Dean

I received my bachelor's degree in computer science from Batangas State University. As a student of computer science, my interest in technologies makes me detail-oriented and has helped me develop a problem-solving mindset. My soft skills improved as well from experiencing internship and group projects throughout my journey and I became more adaptable and cooperative.

### EDUCATION

---

#### PRIMARY:

##### The Lipa Grace Academy

2006-2012

#### SECONDARY:

##### LCC Silvercrest Senior High School

2012-2019

#### COLLEGE:

##### Batangas State University (Lipa Campus)

Bachelor of Science in Computer Science

2019-2023

### WORK EXPERIENCE

---

#### Creotec Laguna On-the-Job Training

Student Intern

2022

- Group development of a mobile application using Unity, allowing users to search a school around a location.
- Design the prototype of the application with the use of Figma and Canva.
- Created video presentations for the documentation of the application.

#### Creotec Work Immersion

Student Trainee

2019

- Completed a work immersion program, gaining valuable hands-on experience in assembly line tasks.
- Assisted on making a video presentation for the group documentation during the immersion program.
